Hi dear students. I have started a new special service of marking your SBR past papers and questions' answer scripts. You can send me your solutions in PDF form solved in ACCA software on examinationscripts@gmail.com. I will send you the feedback in written form through that email. You must avail this service. It is to improve your result. This paper needs written practice (almost 80% theory). And it's my wish that you guys clear in first attempt.
